E2 Deesser- A very powerful de-essing plugin with Sound Harmonic De-E2 produced in cubase 11, combined with e2pa, ips, and dbx2 back through about 1995, ran through about 2010. There is no other plugin that offers such a wide range and is so easy to use. The e2 deesser from eiosis Software provides similar or superior performance to e2 pa, ips, and dbx2, especially from the 1990's onwards. e2 deesser 1 from eiosis Software is a powerful and easy to use de-essing plug-in for Cubase, Pro Tools, Reason, Logic, and virtually all of your favorite DAWs. It has features specifically designed for de-essing vocals, drums, electronic keyboards, guitars, bass, acoustic guitars, and a wide variety of other instruments and effects. Details In addition to the various controls, e2 deesser can be seen as a 2-band 6-pole EQ with the two main controls, amount and sensitivity. The amount adds low-pass filter (controlling high frequencies) and high-pass filter (controlling low frequencies). The sensitivity adds high- and low-pass filter. But the length of your documentation is perhaps even better. If you have any problems with your code or contribute to StackOverflow, then you are the most credible source of information. I don't think so. If I use Google to search for the source of an error message, I will rarely find the appropriate page where the information was first posted. Instead, I'll find people trying to dupe me by giving me link to the original description. I don't think so. If I search Google for the name of a class or method, I get a long list of places where it could be found. If I search for the documentation for a class or method, the list is short. Instead, the documentation is usually found on a website. 570a42141b
