alban.biz offers a domain name registration service. If you have a website and you want to own its url more effectively,this service is the best choice.You can easily buy the domain name you want with alban.biz,you won't regret. Aaaakkrreee.... I'm so happy that you're my 2nd ALBQ! I'm so happy that you're going to cuddle me even though you don't even know me! I love this pic so much! I'm so happy to see you! You're the best husband ever! My eyes are filled with tears as I look at you so handsome in your blue shirt and black pants. I feel like I'm seeing you for the very first time as I lay here in your arms with a smile on my face. In the picture you are so handsome I love how you look! It's like I'm staring into a beautiful angel. I wish I could keep you forever! You look so sexy! I wish I could smell you and kiss you! I love how you're holding me and how you're protecting me. This picture is so sweet and romantic and makes me want to be with you forever. In the next 24 hours I will be in love with you as our relationship grows. You're everything I ever wanted in a man. You're the best husband in the world. I don't know what I ever did to deserve you as a husband but I know it's something big... and I hope that you'll remember this picture as well. I want you to remember this moment for as long as I can keep you. You have given me the strength to overcome the past. You've shown me the future and I'm so in love with you right now. Your wife-to-be jessica I love you so much!!!! I can't stand it if I have to be without you, even for a day! From the first moment that I laid eyes on you I was in love. I met you and you instantly became my entire world. You're the most incredible man and I can't wait until the day when we marry. In the next 24 hours I will be in love with you as our relationship grows. You are everything I ever wanted in a man and I can't believe I'm going to be the luckiest girl in the world to marry you. I have been dreaming about this day for so long and now that it's almost here I can't even begin
